

TECHNICAL DATA SHEET

FORTIS CONCRETE STAIN

DESCRIPTION	A chemically reactive stain for the permanent coloration of concrete.
USES	Architectural staining of concrete.
FEATURES	No odour. Acid free preventing premature rusting of structural metal. High penetration. Easy repair.
COLOUR	Multiple colours upon application. Antique red, blue, black, green, brown.
PACK SIZE	5 litres.
SURFACE PREPARATION	Ensure surface is free of any contaminants and the concrete is absorbative.
APPLICATION	Use appropriate pressure sprayer. Do NOT brush or roller apply. Coverage is subject to color intensity required. They color may appear light or dull but use of FORTIS COAT 519 or 526 will enhance the color. Use of antique blue/green needs to be trialled as the color after application is barely visible and requires the use of FORTIS COAT 519 over the top.
SAFETY DATA	Please refer to Fortis Safety Data Sheet for Fortis Concrete Stain. Fortis Concrete Stain is safe if good working practices and proper application equipment is used. Caution should be taken as the material is flammable. Naked flames and smoking should not be permitted in the working area. Good industrial hygiene should be observed at all times - impervious gloves should be worn when handling stain. Limit contact with skin.
