

Shark H36

Single Phase, 3 Motor, HEPA Dust Extractor

The Shark H36 is a HEPA concrete dust extractor. With 3 large Ametek motors, the Shark H36 has plenty of power to be connected to any mid or larger size grinders, scarifiers, or shot blasters to extract freshly cut, friable concrete dust. Certified HEPA filtration to 99.99% @ 0.3 microns to guarantee that the vacuum exhaust is absolutely dust-free. The Shark H36 is supplied with a complete tool kit, including hose, wand and floor tools.

Main features:

1. OSHA compliant H13 HEPA filter
2. Unique jet pulse filter cleaning technology ensures efficient and clean filtration.
3. Welded frame/platform provide sturdy support in tough jobsite.
4. The 25mtr long plastic bag can be separated to approximately 40 individually sealed bags for fast, safe handling and disposal of dust.
5. Compact vertical unit is easy to maneuver and transport

| Model | Shark H36 |
